## Please Support OneHeartDC

We could use your help. OneHeartDC relies upon cash and in-kind donations of goods and services from partnering churches, organizations and individuals.

Most importantly, countless man hours are being devoted by many of you to the mission of Gospel Saturation. Those serving are either self-supported missionaries or volunteers.

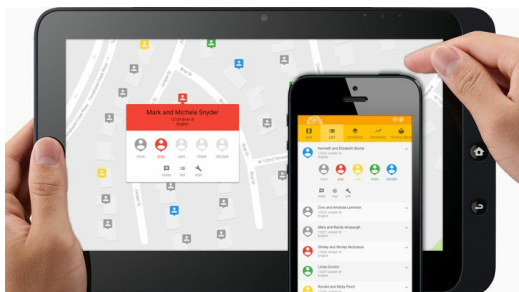

Yet, there are still needs that require cash to keep operations going. This is why I am making you aware of our needs and thank you for helping!

We are a 501c3 nonprofit and donations are tax deductible. To donate, you may click on the image or on 'DONATE' below or find us on the **Givelify** [Apple Store](#) or [Google Play](#) apps. Thank you!

## Bless Every Home

What would it look like if people in our congregations became missionaries in their neighborhoods, at work and at play? We can lay the foundation by praying daily for 5 of our neighbors by name! We can cover all 5 million residents of Metro Washington if just 20,000 Christ followers take on this challenge.

Bless Every Home provides interactive tools for individuals, churches and the OneHeartDC gospel movement to track this journey through interactive maps, prayer journal entries to track and make notes each time one prays, cares and connect with a neighbor, and celebrate those who receive Christ by marking them as a disciple and much more!

It's easy to get started at only \$15 a month for your church or ministry, and you can cancel at any time. As a leader, you will have access to a dashboard showing progress. Registration is free for individuals.

## 6:4 Fellowship | Strategic Renewal

We all are seeking practical changes that bring lasting transformation to every aspect of our lives and in the church. It's not about plug-n-play methods, but centering around God's power through a culture of prayer and proclamation

(Acts 6:4).

But building culture is elusive. Fortunately, there are tools and you can discover the leadership commitments needed to see God do a work of transformation in your church. We have seen the fruit!

This 90-Day leadership training experience is designed to put you and your congregation on a path to spiritual renewal and transformation. You will take a full inventory of your current ministry practices. You will be coached through proven Biblical steps to deepen your intimacy with Christ, increase your effectiveness as a leader, and experience greater fruitfulness in ministry.

- Session 2: A Prayer Culture Always Emanates from the Center of Church Leadership

## A Gospel Movement

Nearly 600 Metro Washington DC churches and ministries are now standing in unity with the common purpose of Gospel Saturation.

Practically, we see OneHeartDC providing a platform helping the Church display a "witness of oneness" (John 17:21-23), making Christ more

visible and tangible to a Region that desperately needs the Gospel. We have seen God work in the hearts of leaders in uncommon ways. The silos and barriers of the past are falling down as we collaborate, mobilize, multiply and seek transformation together. We are 'better together'.

A significant bi-product has been the relational capital of leaders knowing each other who would never have crossed paths - across denominational, generational, racial and ethnic diversities. In particular, leaders are forgiving, repenting and seeking justice to restore broken relationships and systems back to God's original intent through racial reconciliation.

## Leadership Clusters

If you are a leader in the Kingdom... whether a pastor or in the marketplace, you need to be in a Leadership Cluster to survive and thrive in life and ministry. This is where you will find a safe place to experience on-going encouragement, equipping and motivation for ministry with those

walking in the same shoes.

There are dozens of exiting clusters formed with Christ and the gospel at the center and fueled in prayer and relationships. In ministry, the clusters have geographic, people group or need based affinities. Find one below or start one!

If you are procrastinating, take a few minutes to hear what Pastor Steve King, Cherrydale Baptist Church, Arlington and few of our colleagues have to say. Steve has led a cluster, Band of Brothers for 33 years! They are accountable to God and each other for Gospel Saturation of Arlington County.

## Marketplace Leaders Clusters

We are seeing marketplace leaders apply their same gifts and capacities used to build great companies for the Kingdom! This occurs 'inside' doing business God's way and building a Christian ethos as well as focusing 'outside' for Gospel impact in communities and spheres of influence.

OneHeartDC Catalysts are critically important to growth of the movement.

Just like in a chemical reaction, we often need a stimulus, a spark, an impetus that accelerates the gospel movement.

Within one's spheres of influence, and while going about their everyday ministry activities, Catalysts are:

- Connectors and Accelerators.
- They Strengthen Collaboration.
- They Start & Nourish Leadership Clusters.

These actions are the 'fertilizer' that helps to increase the yield of fruit. Our churches and ministries are the 'seeds' that God 'waters'. Yes, these seeds are producing fruit, but watered and fertilized, the yield is higher.

Our goal will be for you to be empowered to speak on behalf of OneHeartDC and to be released to do these things where the Spirit leads you. Soon we will be having our second Catalyst gathering:

**When:**

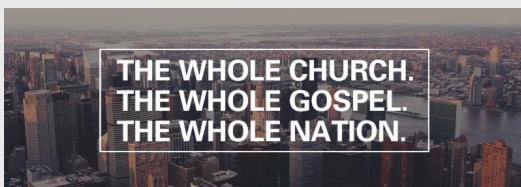

January 10, 2018 12:15 - 2:00pm  
Lunch will be provided.

**Where:**

Christ Our Shepherd Church  
801 North Carolina Ave SE  
Washington, DC 20003  
(2 blocks from the Eastern Market Metro Station)

At our meeting, we will pray together and talk about the 'operating system' and 'apps' in our tool chest.

If you feel the Spirit tugging, please join us and **RSVP by January 3rd** to [Eric Teitelman](#). Eric will be helping us stay connected as a team through relationships and information.

## Tools & Resources focused on the outcome of Gospel Saturation

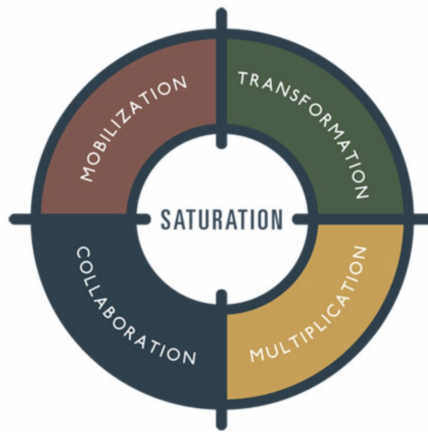

The [Christ Together Resources](#) are designed to initiate conversations and create environments for kingdom leaders to pray, learn, strategize and act in concert with God's mission in their community, town, city or region.

### [The Field Guide](#)

The Field Guide is the perfect resource for your cluster. It is not about prescribing specific strategies or practices for everyone to follow. Rather, they are about uncovering and living into scriptural convictions about God's mission, the church, and leadership that will guide us toward seeing God's people live out their identity and

destiny as God's sent people. The Field Guide helps you explore the four core strategies needed for Gospel Saturation.

## Steps and tools for getting started:

[Envisioning Toolkit for Our City](#) (for Pastors)

Airing twice weekly on WAVA 105.1 FM - 5:30pm Saturdays and 9:00pm Sundays.

Also, podcast at [goodnewsforthecity.com](http://goodnewsforthecity.com)

Listen in to be encouraged by stories showing how BIG a God we serve and how He is working through the Church across Metro Washington.

This is an opportunity for [OneHeartDC](#) partners to shine the light on Jesus by telling stories of hope and transformation, passing on lessons learned and promoting upcoming events. We highlight stories of Greater Body Partnerships, Mobilizing Everyday People and Prayer.

## Are You Sure? Parents Building Resilient Teens

This is an opportunity to BE the Church and offer a service that is highly relevant to our congregations and the community at-large.

This two-hour long workshop is designed as a wake-up call for parents to a perfect storm - an increasingly challenging environment in school, with friends and at home, coupled with lower resilience to cope and thrive. The results have been higher rates of depression, anxieties and fears. We are seeing tragic outcomes with suicides, drug overdoses and other risky behaviors are at record levels.

Parents will leave better equipped to guide their teens and having heard how the Gospel speaks into solutions.

Promo materials, the workshop presentation and resources are available [here](#):

## Pure Desire

68% of church going men and 30% of women struggle from the pain of sexual addiction and intimacy disorders and the accompanying

betrayal and shame. Barna reports that only 7% of churches are effectively ministering to these unspoken truths within our congregations and communities.

Pure Desire exists to help local churches, and too frequently overloaded leaders with a full complement of Christ-centered and research backed resource materials, treatment options, partnership opportunities, and conference presentations. Here is a link to a [short video](#) on the nature of the problem:

There are three progressive offerings of interest.

1. **Introduction at your leadership cluster** or church by Capt. Brent Breining, USN, Ret. and men's pastor at The Lighthouse Fellowship, Alexandria (brent.breining@gmail.com) and C. B. Nagel, Cru (Christian.Nagel@cru.org) will facilitate for you.
2. **A 5-week DVD teaching series** that offers men proven principles and practical tools to break free from pornography. This study will unlock hope and freedom and may be key to any more intensive next steps. It can be done in small or

- large groups.
3. [Pure Desire University](#) is a two-day conference on April 6-7, 2018 at The **Falls Church Anglican** church offices (6565 Arlington Blvd, Falls Church, VA). It provides a comprehensive understanding and the tools required to develop a healing ministry and support groups at your church that offers hope and freedom to men, women, students, and families.
